## COUNCIL AGENDA REPORT

### CITY COUNCIL

Javier Lopez, Mayor  
James Casey, Dist. 1  
Vacant, Dist.2  
Bret Silveira, Dist. 3  
Mike Kline, Dist. 4

**MEETING DATE:** June 13, 2022

**TO:** Mayor and City Council

**FROM:** Alex Terrazas, City Manager

**CONTACT:** Alex Terrazas, City Manager, [Alex.terrazas@ci.ceres.ca.us](mailto:Alex.terrazas@ci.ceres.ca.us),  
(209) 538-5751

**SUBJECT:** **Resolution No. 2022-64, Adopting the Annual Budget for the City of Ceres for the 2022/2023 Fiscal Year, Approving Positions for Fiscal Year 2022/2023, and Resolution No. 2022-65, Adopting Appropriations Limitations for Fiscal Year 2022/2023**

---

### **RECOMMENDED COUNCIL ACTION:**

The City Manager and Finance Director recommend the Council approve the following:

1. Resolution No. 2022-64, adopting the Annual Budget for the City of Ceres for the 2022/2023 Fiscal Year and Approving Positions for Fiscal Year 2022/2023.
2. Resolution No. 2022-65, adopting the Appropriations Limitations for Fiscal Year 2022/2023.

### **I. BACKGROUND:**

The budget development process began with department heads and their respective staff submitting funding requests for FY 2022/2023. Following those submissions meetings were held with Departmental staff, Finance Department staff and the City Manager to review those requests and develop the operating budget for the City Council's consideration.

The fiscal position of the City has improved slightly over the course of this fiscal year but continues to be in a position where expenditures exceed revenues. The improvement in

the City's fiscal condition is a result of a reduction in expenditures related to salary savings from frozen and vacant positions. Contributing factors to the City's revenue shortfall include loss of revenue from the Cannabis Industry in addition to revenue loss as a result of the COVID-19 pandemic. Despite this revenue shortfall the City's General Fund reserve continues to exceed the City Council's policy level of 18% percent of expenditures. This budget proposes a \$6.9 million reserve balance or a 25.6% reserve as a percentage of expenditures.

On May 24, 2022, the draft budget was presented to the Council at a workshop in order for the Council to provide input, comments, and direction. As was indicated at the workshop staff is proposing the use of funds from the American Rescue Plan Act to balance the budget. The use of ARPA funds to replace lost revenues and to balance municipal budgets is an allowable use. Therefore, staff is recommending the use of \$1.1 million in ARPA funds to balance the FY 2022/2023 budget.

No new positions are recommended to be added to the FY 2022/2023 budget. However, City staff is in the process of developing a final recommendation to the City Council for additional Code Enforcement positions and equipment. Staff has also recently identified a need to add additional Parks staff. Additional Parks staff are needed to open, maintain and operate the Lower River Bluff park area. Final proposals for Council's consideration, for both of these items, will be presented to the Council at upcoming Council meetings.

Additionally, at the May 24, 2022 budget workshop, staff presented the year-end projections for Fiscal Year 2021/2022. Year end projections result in \$618,943 of General Fund reserves being used with, as previously mentioned, a projected reserve balance of \$6.9 million.

## **II. ECONOMIC ASSUMPTIONS:**

Property taxes have slightly increased, and this was a result of what continues to be a sellers real estate market. Home values are continuing to appreciate in a market where the inventory has recently decreased.

Sales tax revenue for the 2021/2022 budget year came in slightly higher than expected and was consistently strong over the past year. Additionally, revenue generated from existing Development Agreements (DA's) from sales of adult use and medical cannabis are expected to hold constant in the coming years. There is significant commercial development occurring, and in the pipeline, in the City that will have a future positive impact on sales tax revenue.

Economic development at our local level is a critical element to the financial future for the City. This budget proposes to fund and continue with the City's current economic development activities. This economic development effort includes the recent hiring of

the Economic Development/Redevelopment Manager, the City's retail recruitment efforts, support to small businesses, participation in Opportunity Stanislaus, site visits to

local businesses and focus on Downtown Ceres.

This year the City has seen several significant commercial projects constructed/remodeled including Walmart (and the Dunkin Donuts inside), Habit Burger, the 7-11 and 76 gas station, In-Shape and George's Gas. Construction is also underway at Ceres Gateway Center and the first building is anticipated to be complete in early fall. Businesses soon to be located at Gateway Center include Ono Hawaiian BBQ, Chipotle and Starbucks. Other businesses at the Gateway Center that will soon break ground include In-N-Out Burger and Quick Quack Car Wash. Additionally, with the recent Zoning Ordinance Text Amendment approved by the City Council increasing the allowable height of buildings in the Mitchell Road Corridor staff is anticipating the submittal of an application for a hotel at Gateway Center. Construction has also started at the old Kmart site. Businesses that will be locating there include Dutch Bros and Raising Cane's Chicken Fingers.

While sales tax will not be generated until commercial buildings within these developments open, property tax won't be received until the following year. These commercial developments and businesses will increase tax revenue for future budget cycles.

Rising pension costs continue to be a challenge for the City. Although the City of Ceres is a member of StanCERA for retirement purposes, the CALPERS issues will likely resonate across the state and is clearly an issue that requires staff and Council to diligently monitor. Other cities in Stanislaus County are struggling to address the significant impacts to budgets as a result of increased contributions for retirement purposes. In Ceres there is a disparity in retirement costs for those PEPRA employees that were hired after January 1, 2013 versus classic employees hired prior to that date. PEPRA employees are required by State Law to pay 100% of the employees share of retirement, while the classic employees are currently only paying 67% of their employee share and the City picks up the rest. By July of 2023, all city employees will be paying 100% of the employees share of retirement.

### **III. GENERAL FUND OVERVIEW:**

The proposed General Fund budget is balanced by utilizing approximately \$1.1 million of American Rescue Act funding from the second installment of funds. The proposed budget retains a General Fund reserve level of approximately 25.6% (\$6,955,307).

Although the projection for the next several years shows a growth in revenues, preparing for the next cyclical economic downturn or pandemic related event is important. The remainder of the second installment of ARPA funds have not yet been included in the budget and those funds, once received, must be encumbered by December 31, 2024 and spent by December 31, 2026. It will be important to be strategic in the use of remaining ARPA funds as it will likely be necessary to use ARPA funds to balance future budgets.

With the increased revenues, it is imperative and fiscally responsible to plan for long term sustainability while maintaining the highest level of service we can afford.

#### **IV. PERSONNEL ACTIONS:**

Although new staff requests were made in the initial budget requests from Departments, these requests were removed when staff was asked to make necessary reductions to their initial departmental budget requests. To further manage expenditures it is recommended that a vacant Associate Engineer position in the Engineering Division be frozen.

The City of Ceres, like the State of California, is struggling with increasing pension costs. Through previous negotiations, the Department Heads and City Manager now pay their full employee contribution to retirement. The other labor groups are paying two-thirds of their employee contribution. The funding levels in StanCERA are significantly higher than at the State level. We are continuing to explore ways to reduce our pension costs, which may be addressed through the labor agreement negotiation process.

#### **V. POLICY ISSUES:**

Fund 292 is the City's Landscape and Lighting District (LLD). Originally created in the 1980's homeowners who are within an LLD pay annual assessment on their property tax bill to fund maintenance of certain landscaped areas of the City. The LLD and its assessment have not been adjusted since its inception and as a result, the City does not collect enough revenue to cover the LLD expenditures. The 2022/2023 budget projects the City will receive nearly \$454K from the LLD assessment, however, expected operating expenses are nearly \$580K which requires the General Fund to make up the \$126K difference. To raise the LLD annual assessment a Prop 218 process would be required. This may be something the Council wishes to address in 2022/2023 as any shortfall from Fund 292 is offset and continues to be paid from the General Fund.

At this time, the Community Center Fund (275) has a negative cash balance of \$2,029,801. Although the deficit on an annual basis has been reduced in the past couple of years, expenditures continue to exceed revenues each year. The Big Valley Grace (BVG) Church contract has been renewed and they have extended the contract and use which will bring additional revenue to the City of Ceres. COVID-19 had the most significant impact to the Community Center and rentals were cancelled resulting in revenue loss. The horizon is bright as we are seeing our customers return and are seeing an increase in rentals of the Community Center facility. In the FY 2022/2023 budget we expect that revenue generated from events at the Community Center will continue to increase.

#### **VI. CONCLUSION**

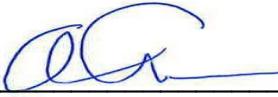

This budget plan has been impacted by increases in worker's compensation and liability insurance, rising pension costs and contractually obligated increases in employee salaries. Further, while revenue from cannabis DA's will be constant for the next four years it is far less than what was received in previous budget cycles. The lingering impacts of COVID-19 also continue to be a concern.

From the perspective of fiscal stability, the level of commercial building activity and new businesses choosing to locate in Ceres will have a positive impact on future City revenues. At the same time, restraint in spending will be vital while continuing to focus on long term fiscal stability and economic development.

Steps will continue to be taken toward building a strong sales tax base, building a healthy local economy and fiscal sustainability. The City will continue with its proactive approach toward economic development and being business friendly. This proactive approach to economic development and managing expenditures will help the City achieve fiscal stability and minimize reliance on one time revenues.

Preparation of a budget of this magnitude would not be possible without the assistance and cooperation of all City departments and the hard working, dedicated professionals that put this budget together. Together we achieve.

Staff will make a presentation to Council and seek final approval of the budget.

95 - CIP & DEBT SERVICE .....	10,371,912
 TOTAL APPROPRIATIONS	 \$83,157,405

**BE IT FURTHER RESOLVED** by the City Council of the City of Ceres that the positions for fiscal year 2022/2023 shown on **Attachment 1** are hereby approved.

**BE IT FURTHER RESOLVED**, that the amounts encumbered on the books of the City of Ceres for fiscal year 2021/2022 shall be carried forward and the City Manager and/or the Finance Director are hereby authorized to take the necessary steps to carry forward encumbrances in the various funds of the City of Ceres.

**BE IT FURTHER RESOLVED**, that the budget for the City of Ceres for fiscal year 2022/2023 shall be amended only as follows:

Items requiring City Council action:

- Appropriation of reserves
- Transfers of appropriation between funds
- Creation of new capital projects
- Transactions which increase total fund budgets
- Increased staffing beyond the positions listed on Attachment 1
- Transfers of appropriations between capital projects

Items delegated to the City Manager:

- Transfers between departments within funds so that the total Fund budget remains the same. (Operating budget only.)

Items delegated to Department Directors;

- Allocation of departmental appropriations to line item except for salary and benefit appropriations. Line item changes cannot increase the total amount budgeted for the department. (Operating budget only)

**BE IT FURTHER RESOLVED THAT** all Information Technology equipment taken out of service is deemed to be surplus and will be recycled as soon as it is removed from service; and

**BE IT FURTHER RESOLVED THAT** the budget documents and itemized details of such documents are filed with the Director of Finance of the City of Ceres; and

**BE IT FURTHER RESOLVED THAT** the City Manager or appropriate designee, is hereby authorized to approve payments for goods or services received by the City of Ceres in accordance with the City's approved budgets, programs, and policies.

**CITY OF CERES  
ORGANIZATION CHART**

## ***CITY OF CERES COMMUNITY PROFILE***

### ***LOCATION:***

The City of Ceres is located in the central San Joaquin Valley, 80 miles south of Sacramento and 95 miles east of San Francisco, in the heart of Stanislaus County. Ceres is in one of the Central Valley's richest and most diverse agricultural areas and is the home of the new County Agriculture Center. Even the name "Ceres" originates from the mythological Goddess of Agriculture. With fertile soils, a mild climate and high quality affordable water, the area consistently ranks at least fifth in the state for its value of agricultural production. For area residents, the surrounding farmland provides refreshing aesthetic quality, and the abundant local harvest is always appreciated at many seasonal and roadside farmers' markets.

### ***HISTORY:***

The third largest city in the county, Ceres is a growing community with a heartfelt commitment to retaining its small neighborhood personality. Ceres is a city of rich ethnic and cultural diversity, which makes it a rewarding place to live and work. The community has a deep appreciation for the past and a firm commitment to the future. Economic growth, development, and improvement of the quality of life are major goals of the whole community. City officials have made a commitment to maintain the delicate balance between quality living, quality growth, and the preservation of the family farm which remains the cornerstone of area's economic and historical base.

Businesses, organizations and nonprofit community groups band together for a number of activities throughout the year. Events such as the annual Downtown Street Fair in May and summertime concerts in the park are well attended. The preservation of the historic Whitmore House (the first home built in Ceres) is a community project, and is revitalized each year as new generations contribute their thoughts and ideas. Ceres is self-sufficient with its variety of retail and service businesses. The "Always Try Ceres First" Chamber of Commerce motto is just good advice! The Ceres Unified School District has received National and Distinguished school awards, and is supported generously by the community.

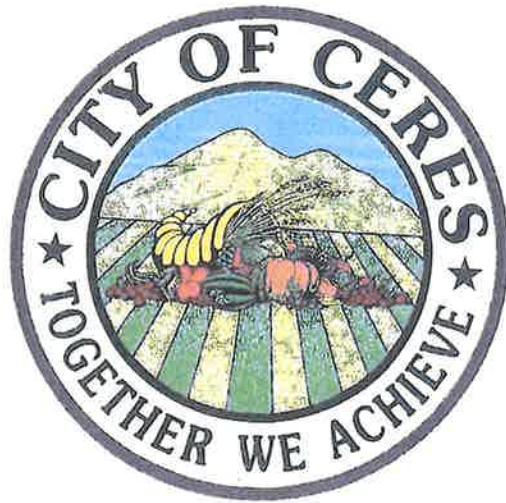

City planners have made a concerted effort toward responsible growth of the community with plenty of parks and recreation areas that complement affordable housing. Soccer teams, Little League, adult softball, youth football, community swim team and a golf course offer many weekend activities for families.

There is a wide variety of housing available in Ceres, including new homes as well as resale homes. Prices range from new entry-level homes starting at approximately \$100,000 to executive homes in excess of \$500,000. Multiple family units in Ceres including apartments, duplex, triplex and mobile home park living are also available.

***GOVERNMENT:***

Ceres was incorporated as a General Law City on February 25, 1918, and has a current population of 48,386. The City is a full service city and has 159 full time employees and 22 part time employees.

The City functions under the City Council/City Manager form of local government. General municipal elections are held on the first Tuesday of November in odd numbered years. The Mayor is directly elected for a four-year term. Council Members are directly elected for four-year overlapping terms. The City Council serves as the legislative, policy making body.

# GENERAL FUND REVENUE BY SOURCE 2022-2023

**TOTAL - \$27,177,583**

## TAXES - \$19,804,188

Taxes are used for general City purposes. They are deposited in the General Fund and are not restricted. They represent the City's largest single revenue source. Sales Tax, Property Tax, Utility Users Tax, and Business License Tax are included in this major category of revenue.

## LICENSES, PERMITS & FRANCHISES - \$1,676,900

Includes revenues from Construction Permits, and other various permits. Franchise fees from Cable TV, Public Utilities and Refuse are also included in this category.

## REVENUES FROM USE OF MONEY AND PROPERTY - \$149,600

Includes revenues from investment of the City's money and rental or sale of City property.

## FINES, FORFEITURES, & PENALTIES - \$295,500

Includes revenues from court fines, late payment penalties, and miscellaneous Police fines.

## INTERGOVERNMENTAL REVENUE - \$1,263,881

Revenues received from Federal, State, or other Local governments. Motor Vehicle In-Lieu Tax is the largest single source of revenue in this category.

## CHARGES FOR SERVICES & OTHER REVENUE - \$2,009,800

Reflects the receipt of revenues from such sources as Annexation fees, Plan Check fees, Zoning fees, Subdivision fees, Recreation fees, Development Agreements and special Police services fees. Includes miscellaneous revenue not classified in any of the above categories.

## TRANSFERS FROM OTHER FUNDS - \$1,977,714

Transfers from CFD's, and Fund balances

## **GLOSSARY OF BUDGET TERMS**

**ALLOCATED COSTS** - The City of Ceres allocates the cost of electricity, gas, water, telecommunications, postage, building maintenance and duplicating supplies based on an analysis of square footage, usage and equipment.

**APPROPRIATION** - A specific amount of money authorized by the City Council for the expenditure of a designated amount of public funds for a specific purpose.

**ASSESSMENT DISTRICT** - Per Government Code, an area of the City in which the residents pay an annual assessment for a service that specifically benefits them. The City of Ceres has three assessment districts, Westpointe, Landscape & Lighting, and Community Facilities District.

**AUDIT** - Prepared by an independent certified accountant (CPA), the primary objective of an audit is to determine if the City's Financial Statements present fairly the City's financial position and results of operations in conformity with generally accepted accounting principles.

**BALANCED BUDGET** - A budget in which planned expenditures do not exceed planned funds available.

**BOND** - a written promise to pay a specified sum of money (called principal or face value) at a specified future date (called the maturity date) along with periodic interest paid at a specified percentage of the principal (interest rate). Bonds are typically used for long-term debt to pay for specific capital expenditures.

**BUDGET** - An annual financial plan that identifies revenues, types and levels of services to be provided, and the amount of funds that can be spent. The Ceres Operating Budget encompasses one fiscal year, as does the Capital Improvement Program.

**CAPITAL IMPROVEMENT PROGRAM** - A plan for capital expenditures to be incurred each year over a fixed period of years to meet the need for buildings, equipment and improvements, with an individual value of \$5,000 or more. It sets forth each project or other contemplated expenditure in which the City is to have a part and specifies the resources estimated to be available to finance the projected expenditures.

**CAPITAL OUTLAY (fixed assets)** - Other than buildings, equipment and improvements with a useful life of more than one year, such as computer equipment, and office furniture, which are part of the operating budget.

**CONTINGENCY** - A budgeted reserve set aside for unanticipated expenditures. Council authorization is required to transfer the necessary amount to the appropriate expenditure account.

## **GLOSSARY OF BUDGET TERMS, continued**

**DEPARTMENT** - The highest organizational unit that is responsible for managing divisions within a functional area.

**DEPARTMENTAL OBJECTIVES** - A description of the department's activities and function.

**DIVISION** - An organizational unit that provides a specific service within a department.

**ENTERPRISE FUND** - A type of fund established to account for the total costs of governmental facilities and services that are operated in a manner similar to private enterprise. These programs are entirely or predominately self supporting. The City has three Enterprise Funds, water, sewer and dial-a-ride.

**FISCAL YEAR** - The beginning and ending period for recording financial transactions. The City has specified July 1 through June 30 as its fiscal year.

**FUND** - An accounting entity that records all financial transactions for specific activities or government functions. The four generic fund types used by the City are: General, Special Revenue, Enterprise and Internal Service.

**FUND BALANCE** - The excess of the assets of an expendable fund over its liabilities and reserves, similar to equity. This is not necessarily the cash balance.

**GENERAL FUND** - The primary fund of the City, used to account for all revenues and expenditures traditionally associated with city government and not legally restricted as to use. The biggest expenditure of the General Fund is the Public Safety Department.

**GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (GAAP)** - Uniform minimum standards and guidelines for financial accounting and reporting. They govern the form and content of the basic financial statements for an entity. GAAP encompasses the conventions, rules, and procedures necessary to define accepted accounting practices at a particular time. They include not only broad guidelines for general application, but also detailed practices and procedures. GAAP provides a standard by which to measure financial presentations.

**GRANT FUNDS** - Money received from another government such as the State or Federal Government restricted to a specific purpose.

**INFRASTRUCTURE** - A substructure or underlying foundation on which the continuance or growth of the community depends, such as streets, roads, transportation systems, etc.

## **GLOSSARY OF BUDGET TERMS, continued**

**INTERNAL SERVICE FUND** - The City uses Internal Services Funds to account for services provided by one department to other departments on a cost reimbursement basis. We allocate the cost of Liability Insurance, Workers Compensation Insurance, Building Maintenance, Vehicle Maintenance and Replacement back to the departments based on usage, square footage or personnel costs.

**INVESTMENT POLICY** - Government code requires the Treasurer to submit an investment policy to the Council. The policy provides guidelines for the prudent investment of the City's temporary idle cash.

**LINE-ITEM BUDGET** - A budget that lists detailed expenditure categories (salary, materials, telephone service, travel, etc.) separately, along with the amount budgeted for each specified category.

**MODIFIED ACCRUAL** - Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Expenditures are recorded when the related fund liability is incurred. The City uses a modified accrual basis of accounting.

**OPERATING BUDGET** - The portion of the budget that pertains to daily operations providing basic governmental services.

**PROPOSITION 4 - GANN INITIATIVE LIMIT** - The City is required, under Article XIII.B of the State Constitution to limit appropriation from the proceeds of taxes. The annual appropriation limit is based on data received from the State, including various growth measures such as population, CPI, and nonresidential construction changes.

**RESERVE** - An account used to indicate a portion of fund balance that is legally restricted for a specific purpose and is, therefore, not available for general appropriation.

## MAJOR REVENUE SOURCES

**PROPERTY TAX** - Property Tax is imposed on real property (land and permanently attached improvements such as buildings) and tangible personal property (movable property) located within the City. Property is appraised at the 1975-76 base year value and is adjusted each year after 1975 by a 2% inflation factor. When property changes ownership, it is reassessed at current market value. Proposition 13 limited the property tax to 1% of assessed valuation. The County collects the tax and remits to the City when the tax is due. The City is on the Teeter Plan and receives three payments from the County each year, based on the property tax roll, not collections. The State has been shifting property tax to the schools since the 1992-93 fiscal year.

**SALES AND USE TAX** - Sales and use tax is imposed on retailers for the privilege of selling at retail, within the City limits. The tax is based on the sales price of any taxable transaction of tangible personal property. Leases are considered a continuing sale or use and are subject to taxation. The State Board of Equalization collects sales tax for cities and counties. Under an agreement with the County of Stanislaus, Ceres receives 0.95% of its local 1% share, and the County gets the remaining 0.05%. In 2003, the legislature suspended  $\frac{1}{4}$  cent of the City's basic 1% until the state's fiscal recovery bonds are repaid. The state has agreed to backfill this revenue with ERAF property tax funds. The City will receive two equal backfill payments in January and May, based on the previous year City sales tax collections. In January of the following year, the state will make a clean-up payment to backfill the difference between actual sales tax revenue received and the actual collections.

**UTILITY USERS TAX** - Utility Users Tax is imposed on the consumer of natural gas, cable television, electric, and telephone services. The municipal excise tax is collected by the utility as part of the regular utility billing procedure and remitted to the City. The rate went down from 5% of the utility bill to 3% August 1, 1998. One third of the tax was used to pay for a Certificate of Participation for the police building. The debt service had the last payment in August 2000.

**TRANSIENT OCCUPANCY TAX** - Transient Occupancy Tax is imposed on the occupancy of a room or rooms in a hotel, motel or other lodging facility. The rate is 10% and the motel owner collects and remits the tax to the City. The City has two motels, Howard Johnson Express Inn and Microtel Inn.

**TRANSFER TAX** - Transfer tax is imposed on the transfer of real property. The City and County each receive \$0.27 $\frac{1}{2}$  per \$500 value exclusive of any lien or remaining encumbrance on the property. The County remits the tax to the City.

**MOTOR VEHICLE IN-LIEU (VLF)**- A special license fee is imposed annually by the State in lieu of local property taxes. The City receives an allocation from the State based on population. The current VLF rate is 2%. Over the past several years, the Legislature has reduced the portion of the 2% rate paid by the taxpayer and made up the difference to cities and counties through a backfill of state general funds. The City will receive two equal backfill payments in January and May in the form of increased allocations of property tax.

**FRANCHISES** - Franchise Fees are imposed on natural gas (5%), solid waste collection (10.5%), and cable television (5%) companies for the privilege of using City rights-of-way for profit. The fees are collected by the companies and remitted to the City.

**BUSINESS LICENSE TAX** - Business license tax is a type of excise tax imposed on businesses for the privilege of conducting business within the City. The tax is based on gross receipts or a flat rate depending on the type of business. Licenses are issued annually and taxes are paid quarterly.

**PERMIT FEES** - The City engages in certain regulatory activities in the interest of the overall community. The City charges user permit fees as a means of recovering the cost of benefit services for specific users. Examples of permit fees are building, plumbing, electrical, encroachment, fireworks booths and transportation.

**INTEREST** - Funds not needed for immediate use are invested in Local Agency Investment Fund (LAI), Treasury Notes, Agency Notes or Corporate Notes. The City uses a pooled cash investment strategy. Interest earnings on pooled cash are allocated back to the contributing funds. The allocation is based on the respective cash balances at the end of the month.

**HIGHWAY USERS TAX** - The State allocates a portion of gasoline tax revenues to cities under four distinct funding categories. Revenue from this code section is apportioned as follows: section 2105 per gallon tax, section 2106 vehicle registration assessed valuation, section 2107 population. Expenditures from these three funding categories are restricted by the State for street purposes only. Section 2107.5 is apportioned based on population and expenditures are further restricted to engineering cost and administrative expense.

**COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)** - Funds are allocated by the Federal government to eligible local agencies for housing and community development purposes. Within general program guidelines to assure that federal program goals are being met, cities determine their own projects and priorities.

**FEDERAL FUNDS** - The Federal government passes through these funds to the City for transit and street related purposes. Revenue is requested for budgeted projects. Projects include medians, street overlay, curb gutter, and sidewalks

**STANCOG - LOCAL TRANSPORTATION / DIAL-A-RIDE / NON-MOTORIZED** - These funds are local transportation funds restricted to transit, street, pedestrian and bike purposes. Revenue is requested by project.

**WATER SERVICE** - The City provides water to the citizens. The rate is based on the cost to provide the water.

**SEWER SERVICE** - The City provides sewer service to the citizens. The rate is based on the cost to provide the service.

**GARBAGE SERVICE** - The City provides garbage collection service to the citizens. The rate is based on the cost to provide the service.

**DEVELOPMENT AGREEMENT PUBLIC BENEFIT FEES** – A Development Agreement is any contractual agreement between the City and the owner of real property within the City and are entered into in order to encourage and support business activities. The City charges public benefit fees as a means of recovering the cost of benefit services for specific users.
