

CONSTRUCTION

&

TRAFFIC ADVISORY

The City of Ceres will begin the **6th Street & Shushan Drive Water Main Replacement Project** on September 29, 2025, with work expected to continue through the end of the year. This project will replace aging water mains to improve water reliability and service in residential neighborhoods.

Locations of Work:

- 6th Street from Whitmore Avenue to Caswell Avenue
- Shushan Drive from Garrison Drive to Fowler Road

What to Expect:

- Construction in residential neighborhoods with localized lane closures and temporary traffic control
- Intermittent access restrictions and parking limitations in active work areas.
- Noise, dust, and construction equipment during working hours
- Access to homes will be maintained, but minor delays are possible

Project Timeline:

September 29 – December 2025 (weather permitting)

Work hours will generally occur during the day.

We appreciate your patience as we complete these essential water infrastructure upgrades.

Please slow down in work zones and follow all posted traffic signs for the safety of our crews and residents.

For more information, contact Paul Flores at the City of Ceres Engineering Department at (209) 538-5792.

Together we're investing in reliable infrastructure for our neighborhoods!
